OVERNIGHT MOORING APPLICATION SUPPLEMENT

All boats that are occupied overnight (between 12:00 midnight and 6:00 A.M.) must attach this Overnight Mooring Application Supplement to their Large Boat Mooring Permit Application. The information obtained in this form will be used to better plan the Large Boat Mooring Area and to mitigate the effects of boat occupancy on Shellfish Closures and the environment. The cooperation of boaters will enable us to continue to permit the overnight occupancy of boats with a minimum of restrictions.

Please answer the following questions as accurately and completely as possible:

1. How many people are usually aboard your boat when it is occupied overnight?
a) 1-2 b) 3-4 c) 5-6 d) 7 or more
2. How many nights a year is your boat occupied overnight in Three Mile Harbor?
a) 0-4 b) 5-8 c) 9-12 d) 13 or more
3. How many nights a year does your boat use its mooring?
a) 0-14 b) 14-28 c) 29-60 d) 61 or more
4. Do you use shoreside facilities for washing/sanitation?
a) always b) usually c) sometimes d) never

Fees: Please calculate and indicate the amount enclosed below

Non-Residents- \$7.75 supplemental fee per foot of boat length_____

(This fee is in addition to the Large Boat Mooring Application fee)

The undersigned agrees to guarantee to the Trustees that he/she will not discharge from any Marine Sanitation Device into the waters of Three Mile Harbor. The undersigned will also document the use of the Pump-out stations or Pump-out boats with a written log and receipts, which will be made available to the Trustees or their representative upon reasonable notice, and may be required as a condition of mooring renewal in future years.

I hereby agree to accept these supplemental conditions:

(Signature)

(Date)

Please Note:

Only boats equipped with a holding tank in their marine sanitation device will be permitted overnight occupancy in the Large Boat Mooring Area.

- A) Fasten all shackles and pins with stainless steel wire.
- B) The effective length of each of the above pennant lines shall be two (2) lines the distance from the bow chock to the water plus the distance from the bow chock to the mooring cleat, or shall be two (2) times the distance from the stem mooring ring to the water. All pennants shall be six (6) feet in length.
- C) All anchor shackles, swivels and other hardware used in mooring hookups shall be of proportionate size to the chains used. A minimum of one (1) swivel shall be located between the bottom chain and top chain. Chains of one size throughout shall have a minimum of one (1) swivel located below the main buoy not more than halfway to the mushroom anchor. All chain and hardware must be of appropriate rated strength.
- D) The length of the top chain shall be determined by the depth of the water in the assigned mooring area and the total scope shall be at least 40' or two and one-half (2-1/2) times the depth of the water at high tide as determined from local charts, whichever is greater.
- E) All pennant lines shall be nylon, dacron, chain or stainless steel wire. All pennant lines running through a chock or any other object where chafing may occur shall have adequate chafe guards.
- F) All moorings must be installed under the supervision of the Trustees or their duly authorized agent. He/she will inspect the mooring prior to installation and direct the placement of said mooring in the correct location.

Instructions for Large Boat Mooring Permit

1. Complete the attached large boat mooring permit application and (if necessary) the large boat overnight mooring permit application supplement. If any part of the application is not complete (i.e. no documentation, no signature, etc.) the application will be returned.
2. No mooring may be installed unless it has first been inspected by a Harbormaster (631- 329-3078, or a duly authorized representative of the Trustees and said Harbormaster/Trustee representative is present and approves the location of the mooring at the time of installation. The Trustee representative will affix a tag to the mooring when it is placed to his/her satisfaction. Any mooring lacking this tag will be deemed illegal. Additional inspections necessary to legally install a mooring will be charged at a rate of \$50.00 each.
3. The location of the mooring will be determined by the Harbormaster/Trustee Representative, and may vary from year to year within the mooring area. Requests for particular locations cannot be considered.
4. Any violations of Trustee regulations may invalidate a mooring permit. Copies of regulations will be available from the Harbormaster/Trustee office.
5. If all available moorings are filled, a waiting list will be maintained in the order that complete applications with enclosed payment are received. Preference will be given to residents and renewal applications received by March 31.
6. Starting on April 15, mooring permit holders may contact the Harbormaster (631-329-3078) or Trustee office (631-267-8688) to arrange for the inspection and installation of moorings.
7. Mushroom anchors, chain and pennants of appropriate size as specified in the accompanying specification sheet must be used in all moorings.
8. Moorings may not be moved or rented except by authority of the Trustees
9. Moorings must be removed by December 1st of each year, and all moorings not so removed, and any other illegal moorings at any time, will be removed in accordance with Trustee regulations.
10. Boats shall not to be occupied overnight unless the overnight mooring application supplement has been submitted to and accepted by the Trustees.
